

TEOSConnect

TEC-SC100

Connect, instantly

Present wirelessly from laptops to BRAVIA Android Professional Displays

Great for collaborative work sessions, TEOS Connect makes it easy for employees or guests to present wirelessly from their laptops on BRAVIA Android Professional Displays.

TEOS Connect makes meetings more efficient and less stressful, with quick set-up and no messy wires to worry about. There's no extra hardware needed – the technology's built right into BRAVIA so you're ready to go.

Up to four TEOS Connect users can share their device's screens simultaneously on a BRAVIA Android Professional Display, with up to four simultaneously - so it's ideal for collaboration and group work allowing users to easily participate and share ideas.*
