

reflecta LED Video Light RPL 105

Modern **LED Video light reflecta RPL 105** with **LED Light Source** for better exposures during unfavourable lightning conditions. By **105 dimmable** LED's (equivalent to 6.5 Watt) and the **wide Angle of Illumination of 55°** the RPL 105 is a must-have for each photographer and Video shooter.

By the adjustable **Rotating head with hotshoe** incl. locking screw the RPL 105 fits nearly all camera / camcorder shoe. The 2 included Transparent and Yellow diffusers allows Colour Temperatures of 5,600 respectively 3,200 Kelvin.

The RPL 105 can be operated by AA Batteries (not included in the delivery content) or by **Li-Ion Battery** (Sony NP-F_{xxx}) and therefore universal useable.

Several RPL 105 can be combined on top of each other or side by side.

Productinformation

- Number of LEDs: 105
- Lifetime LED: approx. 30.000 h
- Lux in 1m distance: 1050 Lux
- Power Consumption: 6.5 W
- Colour Temperature max.: 5.600K
- Colour Temperature min.: 3.200K
- Angle of Illumination: 55°
- Dimmable Brightness
- Power Source Li-Ion Battery (Sony NP-F_{xxx})
- Power Source 4x AA Batteries
- Battery Level Indicator
- Operating time 100% power: 150min
- Rotating Ball-Head with Hotshoe
- Combination of several RPL 105

Technical Details

- Dimension: approx. 85 (H) x 125 (B) x 65 (T) mm
- Weight: approx. 295g incl. 4x AA Batteries
- Power Consumption: 4x AA Batteries or by Li-Ion Battery

Delivery Content

- RPL 105, Transparent and Yellow diffusor, Rotating Ball-Head with Hotshoe, Battery Adapter, Manual

Accessories (optional)

- 20371 Hand Bracket
- 20373 Stand with Tripod Thread ¼"

Art.No. 20372

EAN Code: 4005039203725
